## Fort Barfoot Reservoir

Latitude: 36.98671237 Longitude: -77.96412068

Ft. Barfoot Reservoir is a 384-acre impoundment located in area 60 of Ft. Barfoot formed by the Nottoway River. This impoundment is accessible from 3 primary boat launch points: Cedar Creek, Jonesboro Bridge, and Hwy. 46. The fishery is multi-species with potential for solid catch rates of sunfish, largemouth bass, channel catfish and black crappie. The average water depth is 5ft. with the deepest spots reaching 12ft. in the river channel. Barfoot Reservoir has a 1 fish per day limit on largemouth bass, further protected with a slot limit of 16-22 in. Barfoot Reservoir is the most popular fishery for anglers on Ft. Barfoot for its variety and good quality of all primary fish species.
